

HOURLY POSITION DESCRIPTION

POSITION TITLE: Seasonal Forester (2-3 positions)

LOCATION: State Forest Field Office (Gould, CO)

HOURLY PAY RATE: \$17.50 per hour (depending on experience) – dormitory style housing and utilities provided.

EMPLOYMENT DATES: Late May 2025 through August 2025 (start and end date may be variable)

CLOSING DATE: Applications will be considered until all vacancies are filled, however materials should be received by **February 16th, 2025** for full consideration.

Minimum Requirements:

- Must have a valid driver's license or the ability to obtain a driver's license by the employment start date
- Pursuing or completed degree in forestry or related natural resources field
- Ability to (or willingness to learn how to) operate a manual transmission vehicle
- Ability to operate 4-wheel drive vehicles in variable weather and road conditions
- Ability to (or willingness to learn how to) operate chainsaws/misc. logging equipment, forestry equipment, and perform strenuous outdoor work in a variety of weather conditions
- Ability and willingness to work long hours with occasional evening and weekend duties (work based on a 40-hour work week)
- Demonstrated ability to work as a member of a team

Conditions of Employment:

- This position requires hiking and carrying field equipment most hours of the workday
- Occasional camping will be required
- The employee should be able to work in adverse weather conditions, steep/rough terrain, and with minimal supervision

Preferred Experience:

- Ability to communicate effectively both verbally and written
- One season of field experience
- Experience in the utilization of Microsoft Suite, ArcGIS Suite, Avenza or GPS

Duties and Responsibilities:

- Cruising and data collection for forest-wide inventory
- Field support on Adaptive Silviculture for Climate Change projects
- Assisting the US Forest Service with GNA work
- Chainsaw operation - thinning, firewood, and defensible space work
- Assisting with timber sale layout - cruising, boundary delineation, and marking
- Various GPS and GIS applications
- Assisting with assessment and treatment of insect and disease projects

- General labor - rock headers, fences, facility and equipment maintenance, construction projects, etc.
